Live-Online Orientation

Students and their parents will attend an APPLY NOW! Advantage Program orientation to learn how to get the very most out of the program. The orientation discusses detailed class descriptions, the registration process for sessions, the process for scheduling individual meetings, and program expectations. Students will also set up their profile and learn how to use our college research and planning platform. For your convenience, all orientations will be live-online sessions. Listed below are options for the Orientations for the APPLY NOW! Advantage Program. When you register, there will be a place to select which day and time you want from this list.

The options for Orientations for the Class of 2026 will be available in late October. For now, you can select “I will decide later”.
